

INTERNATIONAL ATOMIC  ENERGY AGENCYVIENNA, AUSTRIA
(Cable INATOM)OFFICE OF THE
DIRECTOR GENERAL

September 6, 1958

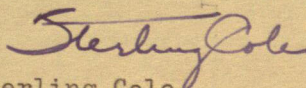

Dear Professor Thirring:

Your letter to me of August 28, extending an invitation to the Kitzbühel-Vienna Conference of Scientists to be held from 14-21 September, has been forwarded to me in Geneva.

Because of the importance we attach to the Kitzbühel meeting, it is with very genuine regret that circumstances make it impossible for us to send one of our senior officers as an observer for the reason that during this period the Board of Governors of the Agency will be in session and the annual conference of the Agency begins September 22; therefore, this particular week will be a very busy one for all the senior members of the staff. I am, however, designating Dr. W. W. Grigorieff, senior staff member in the Division of Education and Training, who I am hopeful will find it possible to arrange to be on hand.

With respect to the formal meeting of the Committee on September 20, I would be pleased to attend personally and will ask you to communicate to me the necessary data with respect to the time the meeting is to be held in the Ceremonial Hall in the Austrian Academy of Sciences.

Sincerely yours,

Sterling Cole
Director General
