Dear Mr. Moore,

Among my correspondence I find your memo of September 4, 1968 still unanswered. Please, excuse the delay. I don't know if I wrote you that on my voyage back from the U.S. I suffered a stroke while on board and still have some difficulties to speak.

I have no questions or suggestions about Dr. Claude Phillips' summary of the Chicago Conference and I am looking forward to receiving the full Conference Report.

With best regards, I am

yours faithfully

P.S. Have you got a copy of my paper for the Conference "How Can Education Help to Improve Mutual Understanding and Remove divisive Forces Between Nations?"
