Identifying the Last Copy: Activities in the German state
of Baden-Württemberg

Lena Hassel

Kuopio Conference 2022

Projekt im Rahmen des Förderprogramms
„Wissenschaftliche Bibliotheken gestalten den digitalen Wandel (BW-BigDIWA)“

Baden-Württemberg

MINISTERIUM FÜR WISSENSCHAFT, FORSCHUNG UND KUNST

- Funded by the Ministerium für Wissenschaft, Forschung und Kunst Baden-Württemberg
- Funding period: 09/2019-12/2021
- Partners: KIM Konstanz

Goal:

Developing workflows for a cooperative preservation of print resources in Baden-Württemberg's libraries.

First: Questions to ask

- Which libraries cooperate?
- Under which circumstances?
- For what kind of collections?

Second: Guidelines „Recommendations for Action“

- Distinction between mandatory and voluntary preservation
- Provide standard codes for different types of collections

Discard process

- Make rareness visible
- Develop a workflow for the discard of books

Retrospective Documentation of Preservation Commitments

- Provide help to identify preservation commitments
- Close cooperation between BSZ and the libraries
- Provide standards for cataloguing

Acquisition

- Provide standards for cataloguing

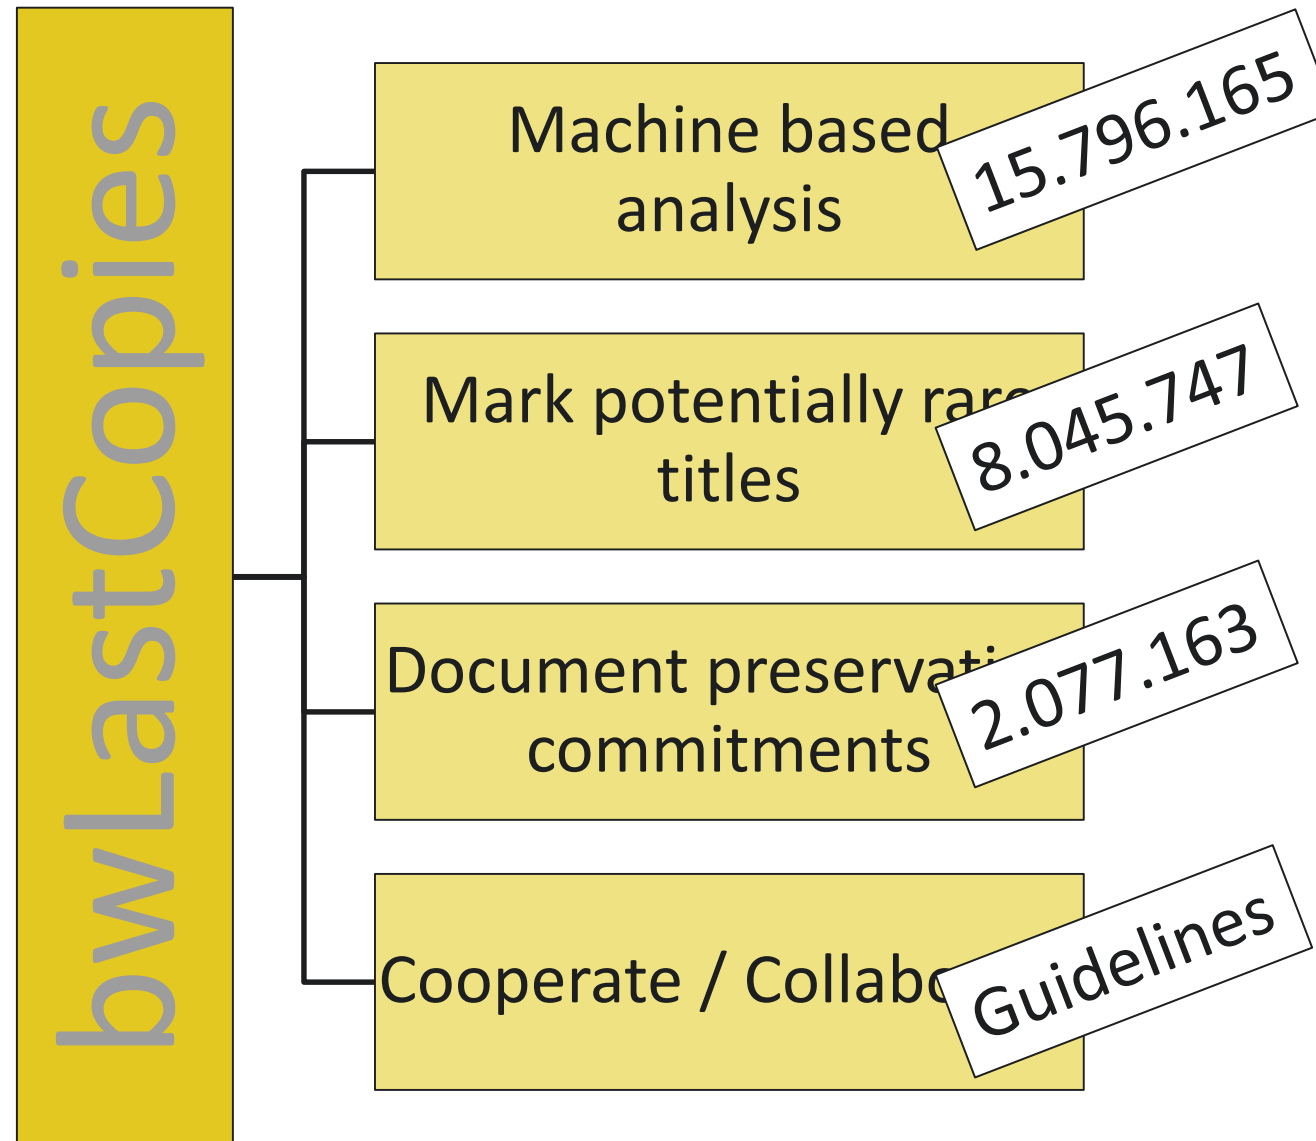

Check the list of IDs of the titles which are supposed to be sorted out

Offer titles with documented interest to the mentioned library

Recommendation: Keep potentially rare titles

Discard them only after strict check about genuine rareness

Recommendation: Keep genuinely rare titles

Thank you for your attention!
