- Strategic agreements
- Example
- Conclusion

5

Background, History

Common challenges

6

- Growing demand of storage areas
- High share of little used stocks
- Need new learning spaces
- New construction plans for depot or library buildings at several sites

Precursors and examples

7

- German Science and Humanities Council: Recommendations 1986
- Northern German storage library (planned in 1996)
- Cooperative Storage Library Switzerland
- UK Research Reserve
- Shared print archiving initiatives, USA
- Shared Archiving Austria

Status Quo

8

- December 2016 – December 2018: „Speicherverbund“ as a cooperative project
- July 2017: Cooperation Agreement
- July 2018: Steering and Collaboration Boards, Administrative Office
- October 2019: Accession TIB (Hannover)
- July 2021: Accession ZBW (Kiel, Hamburg)
- Up to July 2022: Archiving commitments for **690 titles / 20.000 volumes** in 8 campaigns

Status Quo

10

- December 2016 – December 2018:
„Speicherverbund“ as a cooperative project
- July 2017: Cooperation Agreement
- July 2018: Steering and Collaboration Boards,
Administrative Office
- October 2019: Accession TIB (Hannover)
- July 2021: Accession ZBW (Kiel, Hamburg)
- Up to July 2022: Archiving commitments for **690 titles / 20.000 volumes** in 8 campaigns

11

Operation details

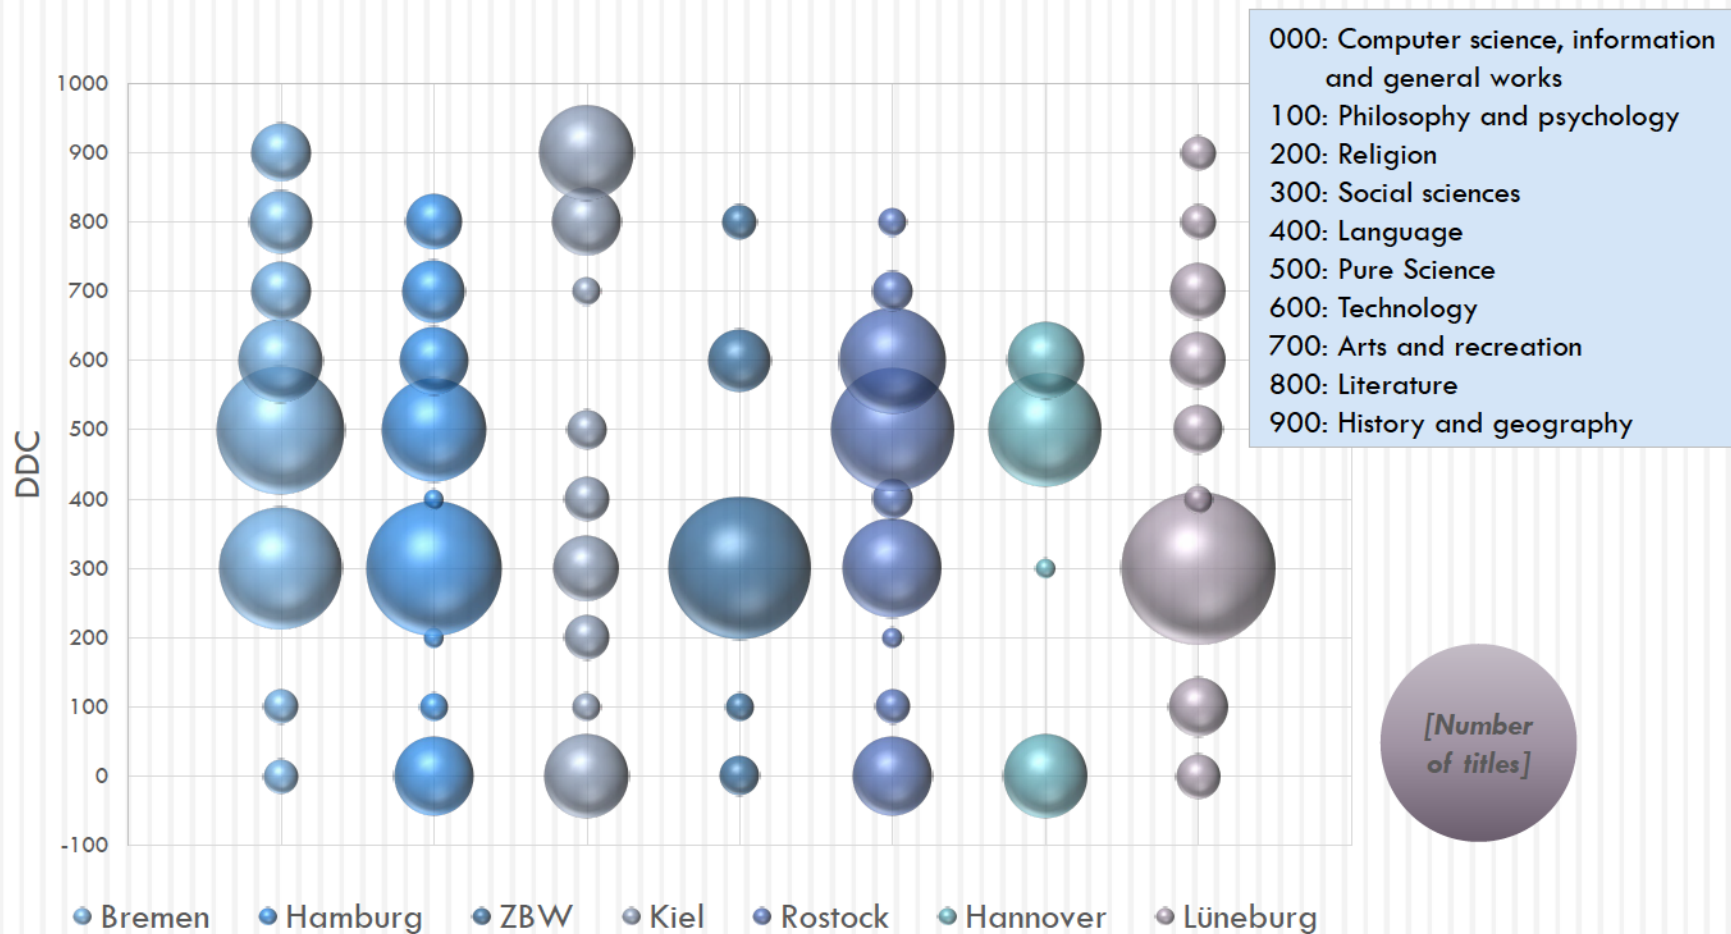

Operational Decisions

12

- Where do data come from?
 - ▣ German Union Catalogue of Serials (ZDB)
- What is a fair share?
 - ▣ Proportions of stock size
- But „how big“ is a journal?
 - ▣ Count years as volumes
- *WHO* to take *WHICH*?
 - ▣ Pick & choose freely

Distribution by Site and Dewey Classification

14

Strategic Agreements

Agreements

15

- ❑ Minimal archival standards required
 - ❑ Preservation status ok
 - ❑ Cataloguing complete
 - ❑ *Dark archive* not required
 - ❑ No lending outside library
- ❑ Document archives in MARC 583
- ❑ Make available to cooperation partners
- ❑ Transfer abandoned archive titles
- Cooperation contract

Agreements

16

- No additional financial or personnel resources
- Announce weedings in advance, to trigger partner's consideration for archiving
- We do not necessarily keep a last copy.

19

Conclusion

Conclusion

20

- Pragmatic cooperative for shared archiving
- Stable routine operation
- Continuous output, focused on needs
- No additional resources
- **Benefits for cooperation partners:**
 - Shared archiving loads
 - Continued access after weeding
 - Archive documentation framework
- **Benefits for the professional public**
 - Transparent, reliable evidence of existing archiving commitments
 - Precursor for other archiving initiatives in Germany

Thank You!
